

The Brett Tashman Foundation, a **501(c)(3) public charity** would like you to join it as a partner in creating the second annual Brett Tashman Golf Tournament, to find a cure for Desmoplastic Small Round Cell Tumors (a deadly cancer for which there is no cure) which took the life of Brett Tashman at the young age of 33.

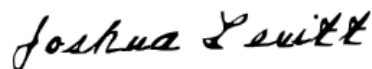

For five years, Brett battled this disease with optimism and courage. He never approached his fight with a “why me” mentality. Rather, he spent his time living life to its fullest, enriching the lives of all those who knew him. You would have never known Brett was living with a rare form of cancer.

To celebrate Brett’s life and honor his legacy, the Foundation is hosting its second annual golf tournament. We look forward to your participation in this event at Sierra Lakes Golf Course in Fontana, CA on August 12, 2017.

All proceeds from the golf tournament will go directly to The University of Texas MD Anderson Cancer Center, for DSRCT research. M.D. Anderson is the number one cancer hospital in the nation with unmatched research-driven facilities.

Please join us in making this event a memorable, successful and meaningful one. Your gift truly does make a difference.

Sincerely,

Joshua Levitt
Foundation Trustee
